RESPONSIBILITIES

- Sales & business administration (article data, new line forms, pricing & margin calculations, online merchandising, product images and content).
- Sales support with CRM and Key Account management and communication.
- Order management including handling customer queries / issue resolution, accessing and monitoring retailer order and invoicing portals, stock holding review and forecasting.
- Manage in-store & online sales, promotions and other customer facing events & activities.
- Sales lead generation: prepare target list and instigate communication with the aim of opening new accounts, as well as driving new brand listings with existing customers.
- Assist in the creation and execution of marketing campaigns.
- Maintain & update media and PR list, and engage in social media and brand awareness generating activities.
- Manage press send outs and newsletters.
- Attending trade shows, events and customer meetings.

REQUIREMENTS

- Energetic "self-starter", with a positive outlook. You think in solutions not problems!
- Confident and presentable, able to effectively engage sales prospects and customers on the phone and in person.
- Fluent English (written and spoken) – you are a highly articulate & effective communicator.
- Excellent MS Office skills (Excel, PowerPoint).
- Committed, flexible and willing to learn. You have a creative vibration and want to make a difference.
- You will have a certificate of higher education, or are seeking a work placement during your study.

WHAT WE CAN OFFER

- An international work environment in a fast-moving company and a highly motivated team
- Exciting & varied tasks and own project responsibility
- Freedom to implement your own ideas
- Diverse development potentials

If you feel this is the right challenge for you, please send:

- your CV along with a personalised cover letter explaining your interests and motivations
- detail of when you could start and for how long you are available
